

Ling Moor Primary Academy

Sports Funding Statement 2018/19

Following the London 2012 Olympic and Paralympic Games the Government provided funding for schools to secure a significant and lasting legacy for children. The aim of the funding is to develop an enjoyment of sport and physical activity, and to promote a healthy lifestyle in children from an early age. It is up to each individual school or academy to decide how this money is spent.

Funding 2018-2019

During the academic year of 2018-2019 we have received **£16,000** in a lump sum and an additional **£10 per pupil**. This means the Academy has received **£19,150** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on supporting the children to develop a healthy lifestyle through exercise and sport.

In **2018/19** our funding continues to enable the Academy to do some very exciting things for the children. We have continued to use a significant amount of our funding to provide high quality specialist teaching for all our pupils as well as providing CPD for our staff. In 2018/19 our aims are to:

- Provide high quality sports coaching for all of our children. This further enhances the expertise of staff.
- Aerobic exercise for all pupils – a weekly high intensity start to the day that is available to all pupils
- Deepen staff and pupil awareness of looking after your mental health
- Embed the coaching model of CPD for staff across the academy
- Provide access to a water bar for all children at lunchtime to reduce the consumption of sugary drinks
- Develop outdoor play equipment for KS2 children
- Continue to increase the amount of competitive sport in which our pupils participate
- Make links to other community sports providers
- Further develop additional clubs and activities for pupils outside the curriculum
- Enhance sports resources to ensure that the children have the right equipment to access competitive sport

A full evaluation of the impact of the sports funding for 2018/19 will take place in July 2019.

Swimming

In order to ensure that all children achieve the goal of swimming 25m (as set out in the National Curriculum), the Academy provides intensive swimming coaching for those pupils in Y5 who are currently unable to swim 25m.

Cohort	% of children able to swim 25m (April 2017)	Number of children who can swim 25m	Number of children who are unable to swim 25m	% of children able to swim 25m (April 2018)
2017/18 Y6	67	42	3	93

At Ling Moor we believe that children need to develop and practise their key skills from an early age – swimming is no different. To support our families, we provide details of local swimming specialists and celebrate children's successes in their swimming classes out of school.

Sports Funding Statement 2017/18

Funding 2017-2018

During the academic year of 2017-2018 we have received **£16,000** in a lump sum and an additional **£10 per pupil**. This means the Academy has received **£19,150** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on supporting the children to develop a healthy lifestyle through exercise and sport.

In **2017/18** our funding more than doubled. This has enabled us to do some very exciting things for the children. We have continued to use a significant amount of our funding to provide high quality specialist teaching for all our pupils as well as providing CPD for our staff. In 2017/18 our aims are to:

- Provide high quality sports coaching for all of our children. This further enhances the expertise of staff.
- Aerobic exercise for all pupils – a twice weekly high intensity start to the day
- Introduce healthy lifestyle workshops led by experts
- Deepen staff and pupil awareness of looking after your mental health
- Embed the coaching model of CPD for staff across the academy
- Provide access to a water bar for all children at lunchtime to reduce the consumption of sugary drinks
- Develop outdoor play equipment for KS1 children
- Continue to increase the amount of competitive sport in which our pupils participate
- Make links to other community sports providers
- Further develop additional clubs and activities for pupils outside the curriculum
- Enhance sports resources to ensure that the children have the right equipment to access competitive sport

A full evaluation of the impact of the sports funding for 2017/18 will take place in July 2018.

Swimming

In order to ensure that all children achieve the goal of swimming 25m (as set out in the National Curriculum), the Academy provides intensive swimming coaching for those pupils in Y5 who are currently unable to swim 25m.

Cohort	% of children able to swim 25m (April 2017)	Number of children who can swim 25m	Number of children who are unable to swim 25m	% of children able to swim 25m (April 2018)
2017/18 Y6	67	42	3	93

At Ling Moor we believe that children need to develop and practise their key skills from an early age – swimming is no different. To support our families, we provide details of local swimming specialists and celebrate children's successes in their swimming classes out of school.

Funding 2016-2017

During the academic year of 2016-2017 we have received **£8000** in a lump sum and an additional **£5 per pupil**. This means the Academy has received **£9680** to spend on sport over the course of the academic year. The funding is ring-fenced and must be spent on sport and PE.

In **2016/17** we have continued to use our funding to provide high quality specialist teaching for all our pupils as well as providing CPD for our staff. In 2016/17 our aims are to:

- Embed rigorous assessment procedures in PE to ensure that pupil needs are being met and progress can be measured
- Embed the coaching model of CPD for staff across the academy
- Continue to increase the amount of competition sport in which our pupils participate
- Make links to other community sports providers
- Further develop additional clubs and activities for pupils outside the curriculum
- Give extra support in PE to our most talented pupils as well as pupils who have physical needs

Standards in PE continue to be good with the actions taken enhancing provision

Funding for 2015- 2016

During the academic year of 2014-2015 we received **£8000** in a lump sum and an additional **£5 per pupil**. This means the Academy received **£9500** to spend on sport over the course of the academic year.

How the funding was spent in 2015-2016

At Ling Moor Primary Academy we spent a large proportion on hiring specialist sports coaches to lead some of our PE lessons and to provide professional development for our teachers. Every child in the school was taught by a specialist coach over the year. We also used some of the funding to offer additional clubs to broaden the range of sports we offer. These were provided by other professional coaches.

Over 2015/16 the funding was spent in the following way:

- Autumn term 2015 and Spring term 2016 - 7.5 hours per week of specialist sports coaching from Multi-Sports Pro focussing on developing skills and expertise in games. In the EYFS and KS1 the specialists worked with pupils to develop the essential skills required for games including Hockey and Netball. In KS2 the specialists focussed on playing games of Hockey and Netball and learning the related rules.
- In the Summer term 2016 – 7.5 hours per week of specialist sports coaching from Multi-Sports Pro focussed on developing skills and expertise in Athletics (all school).
- Multi-Sports Pro led two extra-curricular lunchtime sports clubs. One for pupils in Year 1 and Year 2 and the other for pupils in Year 3 and Year 4.
- Financial support was given for the local primary school football and netball league/tournaments (all year).
- Bikeability courses were delivered to all Year 5 pupils (Autumn 2015)
- Badminton coaching took place for pupils in KS2 (Spring 2016)
- Entry fees were paid for local multi-sports and athletics competitions (all year)
- Intensive swimming lessons were provided for pupils in Year 5 and Year 6 to enable them to swim 25m (Spring and Summer terms 2016)

Measuring the impact of the funding over 2015-2016

Improving the outcomes for pupils in Physical Education remains a high priority within our Academy. As a consequence of the funding the following improvements were observed:

- The end of year review with staff clearly indicated increased confidence and subject knowledge in the teaching and learning of games.

- Assessment procedures continued to embed so that the academy can evidence the impact of School Sports Funding on pupil attainment and progress in PE.
- Pupils showed enjoyment in P.E. and sport. They demonstrated highly positive attitudes to their weekly sessions with the sports coaches and attendance was high at the extra-curricular clubs.
- The vast majority of the pupils identified for intensive swimming courses were able to swim 25m.
- The academy took part in an increased number of inter-school competitions when compared to previous years.
- The academy netball team was fully established and experienced a high level of success over the year.
- The school football team was well established within the local league experiencing various level of success at both league and tournament level.

Standards in PE across the academy were judged to be at least good.
