

Our World

There are lots of different germs and viruses around all the time, and we have been really good at treating them and keeping people well.

The world at the moment looks different. There is a new virus and the doctors are learning how to help people not get too poorly.

It is natural to feel anxious at times like this when things seem so different. It is ok.

Everyone feels anxious sometimes, and we can all work together to help each other with these feelings.

School is a safe place for you to be with friends and teachers. The teachers have been told how to help everyone be safe in school. This will really help, and let you enjoy your time.

This does mean that some days there will be teachers in different rooms and places. This is ok. It can make us feel anxious when things change and this is ok. We can talk about how we feel and work together to feel better about it.

While some things will be changing, what will stay the same is that Ling Moor is a safe place, with people who will look out for you and that you are part of the Ling Moor Family.
